Test Code	Test Description
	<b>Environmental Testing</b>
EN-001	Incubation & enumeration of settling plates, contact plates, or air strips
	1-29 samples, each
	30-100 samples, each
EN-002	Travel Fee (per visit)
EN-003	In-House Sampling Hourly Fee
EN-004	Particle Counts - Per Location
EN-005	Gas Line Sampling
EN-006	Media - Air Sampling
EN-007	Media - Surface Sampling
EN-008	Media - Passive/Settling plates
	<b>Microbial Identification</b>
ID-001	Bacterial Identification, to genus
ID-002	Bacterial Identification, to species
ID-003	Fungi, to genus (mold and yeast)
ID-004	Gram Stain
	<b>Bioburden Testing</b>
BI-001	Aerobic Bacteria
BI-002	Aerobic & Fungi
BI-003	Aerobic & Spore
BI-004	Aerobic, Spores & Fungi
BI-005	Bioburden Validation-Spore Inoculation
BI-006	Bioburden Extraction Efficiency-Exhaustive Rinse
BI-007	Bioburden-Direct Filtration (100ml sample required for water)
BI-008	Blender Method
	<b>Sterility Testing</b>
ST-001	Bacteriostasis/Fungistasis, USP Method
	ETO (6 organisms)
	Radiation (3 organisms)

Phone: 707-782-0792

Fax: 707-765-2360

ST-002	Direct Transfer Method-per device or solution
	Small
	Medium
	Large
ST-003	Direct Transfer Method-Spore Strips
ST-004	Growth Promotion Test-of Cultured Media (per sample or organism)
ST-005	Autoclave (per cycle)
ST-006	Direct Transfer-Biological product
MF-001	Manipulation Fee-section or disassembly of sample per sample
	<b>Inoculated Product</b>
IN-001	Inoculation (per sample)
	<b>Cytotoxicity Testing</b>
CY-002	Cytotoxicity Testing-MEM Elution, USP (48 hours)
CY-004	Cytotoxicity Testing-MEM Elution, ISO (48 hours)
CY-007	Agar Overlay
CY-008	Direct Contact
	<b>Pyrogen Testing</b>
PY-001	Pyrogen (LAL) KineticTurbidimetric
PY-002	Pyrogen (LAL) Chromogenic
PY-003	Water Pyrogenicity KineticTurbidimetric
PY-004	Endotoxin spiked vials or components
PY-005	LAL Product Validation-Inhibition & Enhancement (3 lots)
PY-006	Pyrogen Gel Clot
PY-007	Water Pyrogen Chromogenic
	<b>Shelf Life Studies/Package Integrity Testing</b>
PA-001	Dye Penetration
PA-002	Burst Test
PA-003	Burst & Creep Test
PA-004	Accelerated or Real Time Aging (\$15 a day and \$2.25 per cu. ft. min. fee)

Phone: 707-782-0792

Fax: 707-765-2360

PA-005	Creep Test
PA-006	Bubble Emission
	<b>Biological Indicator-Population Verification</b>
BP-001	USP
BP-003	Dual Species, USP
	<b>DNase/RNase Testing</b>
DR-001	DNase/RNase Testing (1-5 samples each)
DR-002	DNase/RNase Testing (5-100 samples each)
	<b>Miscellaneous</b>
CF-001	Sample for return
AF-001	Additional copies of reports
AF-002	Revision to reports
PD-001	Protocol development (\$125.00/hr)
SC-001	Shipping charge will be added or client may supply account number
MC-001	Minimum test charge
WC-001	Tests required to be performed on weekend
SF-001	Stat Fee (tests performed on the day they are received) Add 50% (2X)
